# Top insurtech trends in the insurance industry

A part of the “Fundamentals of banking and insurance law” series.

## SPEAKERS

Jill E. McCutcheon

Melissa Prado

Tim Pavlov

The financial services industry has undergone transformational change in recent years. Being well-versed in the basics is vital to building and applying knowledge to this fast-evolving industry. This series will provide a general overview of the regulatory regime applicable to banks and insurance companies, with a more detailed discussion of selected topics, and will equip participants with a comprehensive overview of the essentials of banking and insurance law.

Registration is open to anyone working in a financial institution or other financial intermediary.

## Top insurtech trends in the insurance industry

In response to technological advancements, changing consumer preferences, and evolving regulatory landscapes, the world of insurance is undergoing a profound transformation. In this webinar, our panel of Torys lawyers will explore the top insurtech trends that are revolutionizing the insurance industry in Canada and share key insights that they

believe will define the insurance landscape in the coming years.

This session will be presented in English.
